TECHNICAL SKILLS

React/Redux, Typescript, JS, Agile | APIs | Webpack | Scalability | AWS | Continuous Integration (CI) | REST | SQL | Docker | Sass | Vue | RESTful | API | Design Patterns |Unit testing | npm/yarn | OOP | Express | PostgreSQL | Deployment | Git practices | Peer programming | Frontend everything | MySQL | MongoDB | Performance Optimization

Computer Science/Algorithms

HIGHLIGHTS

- Effectively blends communication skills with technical expertise to provide valuable insights

- Solves problems with a unique combination of creativity and organizational skills

- Excellent communication skills and professional demeanor gained through extensive interactions with customers and employees in management and customer service roles.

EDUCATION

Lambda School
Full Stack Web Development & Computer Science | 2021

PROFILE

After my second internships at Kiewit mid-2020, I left to pursue further development education at Lambda School. I have gained hands-on experience with Node, Express, React/Redux, PostgreSQL, APIs, Git, Data Structures, Algorithms, and leading tech principles and culture via both team/individual projects, code reviews and peer programming. I will graduate Lambda School in early 2021.

PROJECT EXPERIENCE

Portfolio | Lambda School

- My personal portfolio page, built and designed by me
- Express backend, React/Redux frontend all code available on GitHub

Lambda Build Week 3 | Lambda School

- Built frontend of the group project, built the structure and redux.
- Communicated with team actively and daily on status and progress made.

Weather Against Humans | iOS Personal

- Built frontend mobile app in 2018, now am rebuilding in React Native
- Building express/PostgreSQL backend to handle the apps logic server side.
- Over 150k impressions on the US Appstore, with 2.7k paid installs.

Lambda Labs | Lambda School

- In progress project for Family Promises organization.
- Currently implementing DocuSign and Okta SSO API.

PROFESSIONAL EXPERIENCE

Frontend Development Intern | Kiewit Technology Group   Internship 2020

- Built out live dashboard for Kiewit's call center to display call statistics day by day to the entire phone support team. Increased phone readiness across large phone team.
- Built an iPhone iOS app to program desktop phones via. Cisco systems at Kiewit.
- Participated in daily Scrum style standups, reported daily progress and blockers.
iOS Native | Frontend Web | Backend Web | Vue.js | Relational DB | Scrum | UI

Tech Support Representative | Kiewit Technology Group   6/2019-06/2020

- Worked physical support desk at Kiewit to help make employees day to day life easier, gained connections and practiced work communications.

Mentor | Lambda School
9/2020- Current
- Leader of daily meetings with students at Lambda School, peer programmed and talked about career/school tips on how to succeed.
